CITY OF YOUNGSTOWN

AND ADMINISTRATION

Aisle One Mobile Market would like to take a moment to express our gratitude to Councilman Oliver for including us as one of the projects he wanted to support with his portion of the ARP funds. The investment allowed us to purchase a vehicle better equipped to pull the mobile market closing a barrier we were experiencing. This investment has added an asset and a resource to our business and as a result expanded our reach.

I would like to recognize the city's administration for acknowledging that minority owned, small business are assets and resources. An investment in them is a step towards revitalization. Look for our "bodega on wheels" throughout the city soon.

SINCERELY,

KIMBERLY P JOHNSON
